How ECM Can Help You

Enhanced Care Management (ECM) offers extra services at no cost to Medi-Cal members who have complex needs and challenges that make it hard to improve their health. This could include outside challenges, such as not having a place to live.

If you qualify, ECM offers seven types of services that can help you with your health and well-being. You will have a care team and your own ECM lead care manager.

These extra services are offered as part of your current CalViva Health Medi-Cal plan. The Medi-Cal services you get now **will not be taken away**. You can still see your same doctors, but now you can get extra help.

If you qualify, you can choose to get ECM services. Plus, you can stop the services at any time by calling CalViva Health at 888-893-1569 (TTY:711) toll free 24 hours a day, 7 days a week.

For questions about how to receive CalViva Health's ECM services, please call Member Services at 888-893-1569 (TTY:711).

Seven ways ECM works for you

1. Help to stay engaged in your care

Your ECM lead care manager and care team will help you focus on your health and make sure you receive the services and support you need. They can also meet you where you live or where you receive services.

2. Help to craft a plan

Together, you and your care team will make your own care plan. The plan covers:

- Doctors you see
- Health goals you set
- Services you get
- Care you need
- Your physical and behavioral health needs
- Your oral health needs
- Your substance use treatment needs
- In-home services (e.g. help with bathing, dressing, cleaning, cooking, etc.)
- Neighborhood and social services (e.g. food and housing services)

3. Help to connect with and update your doctors

Your care team includes a lead care manager. This person keeps all your doctors up-to-date on the health and the services you receive. They can also help you:

- Figure out your health needs, goals and wishes
- Make appointments and check on prescriptions and refills
- Find the right doctors
- Arrange transportation to doctor visits
- Apply for services to help you live on your own—services include meal delivery, housing and personal care

4. Help to Learn the Best Ways to Better Support Your Health

You, your caregivers and other people who support you, can learn about the best ways for you to take care of your health issues.

5. Help to move you safely from one care setting to another

Your care team will help you move safely and easily if you need to enter or leave:

- A hospital
- A nursing facility
- Another care setting

They can help you with challenges like:

- Learning how to take care of yourself after a hospital stay
- Making follow-up doctor visits
- Filling prescriptions
- Getting transportation to appointments

6. Help to work with your support people

Your care team can make sure your family, caregivers and others who support you, know about your health issues. These people can also work with your care team to learn how to best help you.

7. Help to connect you to community and social services

ECM can help you get linked to other non-health services, too. Your care team can help you find community and social programs that you need. These may include:

- Food
- Job training
- Childcare
- Disability-related services
- Resources to help you stay in your home

How your care team works

Your ECM care team is built around your health needs and wishes. Your care team is led by your ECM lead care manager who is your main point of contact. You can call your ECM lead care manager when you need help.

Your ECM lead care manager will support your needs and wishes and work with your other providers and support network that include:

- Doctors and specialists
- Nurses
- Pharmacists
- Medical equipment companies
- Family members, caregivers and/or other people who support you, if you wish
- Case managers through a community or county program
- Therapists
- Others

How to get ECM services

To get ECM services, you must:

- ✓ Be enrolled in the CalViva Health Medi-Cal managed care health plan
- ✓ Meet certain qualification terms

What you need to start qualifying for ECM services

1. Your CalViva Health plan, doctor or another health care provider may contact you about getting ECM Services.
2. Your doctor may let your CalViva Health plan know that you could be able to get ECM.
3. Talk to your doctor or CalViva Health plan. Do this if you want to learn more about ECM and to see if you qualify.

Who provides ECM services?

You can get ECM services from your doctor's office or another health care provider. You can also get ECM services from a community organization. You will be assigned an ECM provider, based on your certain needs.

You will get a lead care manager who works with you to help get the care and services you need.

Plus, the lead care manager will help make sure everyone on your care team agrees about your needs and care.

Frequently Asked Questions

Will I lose any CalViva Health plan benefits if I join ECM?

No. If you join ECM, you keep your Medi-Cal benefits. You also keep your current doctors.

ECM gives you extra help getting the care you need and reaching your health goals. It does not take away coverage that you already have. If you qualify, you can choose to get ECM services. You can stop the services at any time by calling your CalViva Health Medi-Cal health plan at 888-893-1569 (TTY:711).

Do ECM services cost extra?

No. ECM does not cost you a thing. If you qualify and decide to join, the services are included as part of your current CalViva Health Medi-Cal health plan.

Where do I go for more information?

Call CalViva Health at 888-893-1569 (TTY:711) for more information and to see if you qualify. You can also ask your doctor or clinic about the ECM benefit.

Will I have to change my doctors?

No. You do not have to change your doctors to get ECM services. The benefit helps all your doctors and other providers share information about your health care needs. And, it allows them to work together to help you meet your health goals.

What is an ECM lead care manager and how do they help me?

An ECM lead care manager is a staff person assigned by your ECM provider. This person will help make sure your doctors, pharmacists and other providers work together to help you meet your health goals.

Your ECM lead care manager also will:

- Connect you to doctors and services
- Talk to your doctors about your needs
- Share information with your doctors
- Go with you to appointments, if you want
